About Us

- MKR Clinical Research Consultants, Inc. began as a clinical monitoring corporation in 1995 and is a woman-owned, clinical research "niche providing" staffing company.
- Our team has expanded globally to provide years of experience and high quality, cost effective contract monitoring, project management, medical writing, safety and auditing services of Phase I-IV trials across multiple therapeutic areas.
- Together with our strategic partner in Europe, our network of research consultants enables us to offer a global reach coupled with a highly cost effective infrastructure.
- We specialize in working with the pharmaceutical, biotechnology, medical device and Contract Research Organization (CRO) industries.
- MKR Clinical Research Consultants fill in the gaps for each of your unique needs in order to provide complete coverage for your clinical trials.

Why MKR Clinical Research?

MKR can offer you:

- Senior-level, experienced, regionally based research consultants
- For all of your contracting needs, MKR can support your domestic and international trials
- Quality Service providing qualified consultants for your needs at the right cost
- MKR has personal, one-on-one relationships with the majority of our research consultants
- MKR is a hands-on management team that matches our client needs with the “right” consultant within each specific therapeutic area
- MKR can offer you exactly what you need for your clinical trial needs from 1 to an entire project team

MKR Clinical Research Consultants utilizes our extensive pool of qualified research professionals in order to provide you with the right person for your needs, at the right cost, at the right time.
